MEMORANDUM FOR: Chief, Technical Services & Support Group, NPIC  
ATTENTION: Chief, Development & Engineering Division, TSSG  
SUBJECT: Advanced 918 Light Table

*fwc*

25X1 1. The IEG does not plan to procure production models of the Advanced 918 Light Table [redacted] Upon completion of the Operational Suitability Evaluation of both of these light table prototypes by IEG, it is not anticipated that there will be any further interest in procurement of follow-on or production models.

2. The 918 light tables are presently being replaced by the 940 and 1540 Split Format Light Tables. Since the film from the various manned aircraft missions can be exploited on the split format tables, the IEG has revised its plans for procurement of the Advanced 918 Light Tables.
